1. INTRODUCTION

This Promotion of Access to Information Manual (PAIA Manual) is compiled as a statutory requirement in compliance with the provisions of section 14 of the Promotion of Access to Information Act, 2000 (Act 2 of 2000) (PAIA), which mandates all public bodies to compile and publish a manual indicating information/records under its custody that are readily available to the public, as well as those that need to be requested through provisions of the PAIA.

This PAIA Manual represents only the National Gambling Board (NGB) and does not include information/records of the various provincial gambling boards. Section 32 of the Constitution of the Republic of South Africa, 1996 (the Constitution) grants everyone the right of access to any information held by the state or by another person and that is required for the exercise or protection of any right.

The Promotion of Access to Information Act, 2000 (Act 2 of 2000) (PAIA) (as amended), in the realisation of these constitutional rights specifically:

- Charges all public bodies with the responsibility to facilitate public access to information/record(s) under their custody;
- Provides a framework and procedures for the public to exercise their constitutional right to information as swiftly, inexpensively and effortlessly as reasonably possible;
- Stipulates mechanisms that public bodies must put in place, to facilitate access to such information by members of the public; and
- Outlines conditions under which restricted access applies, including those relating to personal, commercial, financial, technical or scientific information about a third party; information which may affect court or police proceedings, e.g., police dockets in bail proceedings and certain categories of information about the South African Police Service (SAPS).

There are undoubtedly limitations to the public realisation of the rights as stipulated in section 36 of the Constitution and sections 33 to 45 of the PAIA, respectively.

In compliance with the statutory requirements of the PAIA and to contribute to the promotion of transparency, accountability and effective governance, the NGB has produced a PAIA Manual as a mechanism to facilitate public access to information/record(s) under its custody.

It is hoped that this PAIA Manual will serve as an effective platform/tool for providing the public with the relevant information to enable them to exercise their right of access to information under the custody of the NGB.

5. ESTABLISHMENT OF THE NGB

5.1. Strategic Overview

The NGB is established in terms of the National Gambling Act (NGA), 2004 (Act 7 of 2004), and is a schedule 3A Public Entity in terms of the Public Finance Management Act (PFMA), 1999 (Act 1 of 1999). The mandate of the NGB is set out in sections 33 and 34, read with sections 21, 32 and 65 of the NGA, as follows:

- Professionalism
- Moral Integrity
- Transparency
- Commitment and consistency
- Effective Implementation of resolutions
- Responsive
- Communication
- Teamwork
- Respect and Tolerance

6. ORGANISATIONAL STRUCTURE AND FUNCTIONS OF THE NGB

6.1. PROGRAMME 1: GAMING CONTROL AND COMPLIANCE DIVISION (GCCD)

6.1.1. Purpose of the programme

The Gaming Control and Compliance Division (GCCD) provides mandated operational core functions in terms of the NGA. The GCCD provides technical analysis of the modes of gambling, system audits and enforcement in line with statutory imperatives as provided for in gambling legislation. It provides reliable information through national centralised databases and contributes towards providing accessible, transparent and sufficient access for economic citizens to ensure the ease of doing business. The sub-programmes of the GCCD are set out as follows:

6.1.2. Functional National Registers

The NGB is the custodian of national registers in terms of the NGA. The NGA requires that the NGB must establish and maintain, in the prescribed manner and form national registers to provide a national repository of gambling sector-specific information. The NGB is required to provide the information in its registry to PLAs in the prescribed manner and form to ensure information sharing and compliance as contemplated in the NGA.

6.1.3. National Central Electronic Monitoring System (NCEMS)

The NGB is obliged by section 27 of the NGA read with regulation 14 of the National Gambling Regulations to supply, install, commission, operate, manage and maintain a National Central Electronic Monitoring System (NCEMS) which is capable of detecting and monitoring significant events, associated with any LPM that is made available for play in the Republic and analysing and reporting data according to the requirements of sections 21 to 26 of the NGA. NCEMS is essentially a system to track each LPM operated by a Route Operator (RO) or Independent Site Operator (ISO) in terms of location and status; record and validate every transaction on the LPM in real-time, and periodically report collected data.

The NCEMS enables the NGB to fulfil its oversight responsibility over the PLAs in terms of section 65 of the NGA, maintain the national register in terms of section 21 of the NGA, monitor and evaluate the PLAs compliance with the NGA and enable the NGB to assist the PLAs to detect and suppress unlawful gambling and unlicensed gambling activities.

6.1.4. Gaming Control

The NGB will monitor and analyse technological developments that affect gambling regulation and provide advice on the compliance of gambling machines and devices in terms of the NGA. The NGB will review and analyse the certification of gambling products, new gambling products, and the adoption of technology in the gambling

industry in accordance with the technical standards (SANS1718) developed by the South African Bureau of Standards in accordance with the Standards Act.

6.1.5. Compliance

The NGB will ensure compliance with section 33 of NGA which requires the NGB to evaluate the issuing of national licences by PLAs and the compliance monitoring of licensees by PLAs. The section further requires the NGB to conduct oversight evaluations of the performance of PLAs, in a manner stipulated in section 34 of the NGA to ensure that norms and standards are applied uniformly and consistently by all PLAs.

6.2. **PROGRAMME 2: ENFORCEMENT DIVISION (ED)**

6.2.1. **Purpose of the programme**

The Enforcement Division (ED) monitors the integrity of the processes and provides inputs in the development and maintenance of gambling technical standards. This programme is mandated in terms of the NGA to undertake cooperative activities to prevent and suppress illegal gambling activities and investigate suspected cases of unlawful gambling activities. Furthermore, the programme facilitates the resolution of disputes as an effort to ensure fairness in the gambling industry. The sub-programmes of the ED are set out as follows:

6.2.2. Input to the technical standards committee

The South African Bureau of Standards (SABS) is the national institution for the production and maintenance of technical standards in South Africa. The SANS 1718 family of standards apply to the gambling industry. The NGB is mandated by section 22 of the NGA to ensure that all gambling machines and devices that are registered in terms of the NGA are certified as complying with the relevant standards (SANS 1718) for such machines and devices.

The NGB therefore participates as a member of the technical committees. Participation aids the NGB in monitoring and influencing standards development for the benefit of regulated industries. Participation in the SABS standards development, South African National Accreditation System (SANAS) assessment of test laboratories and National Regulator for Compulsory Specifications (NRCS), as well as regular engagement with NRCS, will provide the NGB with important intelligence in the processes relating to the gambling product value chain.

6.2.3. Interventions implemented to protect the gambling industry

The NGB is mandated to assist PLAs to ensure that unlicensed gambling activities are detected, prevented, and policed. The ED engages with relevant enforcement agencies to facilitate reporting and investigations of detected illegal gambling

activities. Together with the PLAs and relevant enforcement agencies, the ED embarks on national inspections of unlicensed operations to gather information required to register enquiries and initiate investigations by the SAPS. Furthermore, the ED embarks on an in-depth analysis of compliance considerations undertaken by the licensing authorities when authorising the said activities by its licensees and accordingly provide recommendations based on the outcome of the investigation and when necessary, takes legal action.

6.2.4. Targeted investigations completed on the circumstances of illegal gambling activity

The NGB has the sole mandate to investigate and make a determination whether the activity undertaken on a reported unlawful winnings matter was indeed unlawful in terms of the NGA. The ED ensures compliance with section 16 of the NGA, that the circumstances of the gambling activity of any winnings withheld and remitted to the NGB are investigated and if found to be illegally obtained, such funds will be forfeited to the State. Therefore, the ED will ensure that the targeted investigations are completed within thirty (30) days from receipt of complete documents.

6.3. PROGRAMME 3: CORPORATE SERVICES AND RESEARCH DIVISION (CSRD)

6.3.1. Purpose of the Programme

The Corporate Services and Research Division (CSRD) provides mandated operational core functions in terms of the NGA. The division specifically provides a broad-based public education and awareness programme as well as an economic analysis of the gambling sector performance of the gambling industry. The CSRD provides support services to the NGB to ensure satisfactory internal and external stakeholder engagement and seeks to attain a conducive work environment, which enhances business efficiency. The sub-programmes of the CSRD are set out as follows:

6.3.2. Legal Services

Legal Services provides corporate legal services to the NGB in the form of legal opinions, legal advice, legislative drafting, litigation, drafting and vetting of contracts and records management. Legal Services ensures that NGB interests are promoted and protected in its business operations and further ensures that the NGB operates within the ambit of the law. Furthermore, legal services ensures proper records maintenance, access to and protection of information by the NGB.

6.3.3. Information and Communication Technology

The function of the Information and Communication Technology (ICT) unit is to support the NGB in matters of ICT strategic development and maintenance of the

communication and management systems, thereby safeguarding the assets of the NGB. The unit ensures that the ICT support functions are carried out in a manner that supports the strategic objectives and the mission statement of the NGB. ICT is geared at supporting and enhancing the overall organisational performance through the provision of assistive technologies.

6.3.4. Human Capital Optimisation

Human Capital Optimisation (HCO) focuses on integrated management of the work environment in order to optimise and nurture human capital to ensure business efficiency is obtained and that there is a conducive environment wherein balanced labour relations are maintained.

6.3.5. Research and Advisory Services

Research and advisory services are mandated in terms of section 65 of the NGA to monitor socio-economic patterns of gambling activity within the Republic and monitor gambling sector performance, market share and market conduct in the gambling industry. A broad-based public education programme about the risks and socio-economic impact of gambling is facilitated through educational campaigns. The aim is to maintain social dialogue with industry stakeholders on the consequences of the overstimulation of gambling, compulsive and addictive gambling, and the negative impact of participating in any unregulated gambling activity.

6.4. **PROGRAMME 4: FINANCE AND PROCUREMENT DIVISION (FPD)**

6.4.1. **Purpose of the Programme**

The Finance and Procurement Division (FPD) provides strategic financial management support and procurement services to the NGB. Finance and procurement services facilitate the overall management of the NGB and provide strategic financial management support to the organisation. It is the custodian of financial resources. The division comprises of two units that provide specialised support services to the NGB. The sub-programmes of the FPD are set out as follows:

6.4.2. **Finance**

Finance maintains reliable financial records which are prepared regularly for both internal and external stakeholders. These financial records are presented to external auditors annually to obtain an independent opinion on whether the NGB's financial records fairly present the state of its financial position, performance and cash flows.

6.4.3. Procurement

Supply Chain Management (SCM) endeavours to procure goods and services in a manner that is fair, equitable, transparent, competitive and cost-effective. This is achieved by ensuring that goods and services procured are in line with the objectives of the NGB as set out in the Strategy and Annual Performance Plan. SCM also ensures that all procurement prescripts are complied with and that all SCM reporting requirements are met. Internal controls include Finance and SCM strategies, policies and procedures which are reviewed annually to ensure their continued effectiveness and compliance with statutory requirements. These controls are tested by internal auditors to verify that they are adequate.

6.5. NGB GOVERNANCE COMMITTEES

The NGB may, in terms of the NGA and the PFMA, if it considers it necessary for the proper performance of its functions, establish one or more committees. The NGB has established the following Committees:

 - Mandatory protection of privacy of a third party who is a natural person, including a deceased individual;
 - Mandatory protection of certain commercial information of a third party;
 - Mandatory protection of commercial information of a third party;
 - Mandatory protection of certain confidential information and protection of certain other confidential information of a third party;

 - Mandatory protection of research information of a third party and protection of research information of the NGB;
 - Operations of the NGB; and
 - Manifestly frivolous or vexatious requests or substantial and unreasonable diversion of resources of the NGB.

14.3. Mandatory disclosure in the public interest

A request for access to a record that could otherwise be refused on the grounds for refusal in terms of PAIA may be granted, if the disclosure of the record would reveal evidence of a substantial contravention of, or failure to comply with the law or an imminent and serious public safety or environmental risk and the public interest in the disclosure of the record clearly outweighs the harm contemplated in the grounds for refusal.

15. PROCEDURE FOR REQUESTING ACCESS TO INFORMATION HELD BY THE NGB

- 15.1. Section 18 of the PAIA prescribes the procedure to be followed in making a request for access to information held by the NGB.
- 15.2. A requester or data subject must complete the prescribed form, **Form 2** when requesting access to a record or personal information held by the NGB. **Form 2** is available on the NGB website or offices of the NGB upon request. **Form 2** is annexed hereto.

15.3. Who can request information

- 15.3.1. A requester is any person making a request for access to a record of the NGB and in this regard, the PAIA distinguishes between two types of requesters for access to information, i.e. Personal Requester, (data subject) and Other Requester.
 - a) A data subject is a requester who, having provided adequate proof of identity, is seeking access to a record containing personal information about the data subject. Subject to the provisions of PAIA and POPIA, the NGB will provide the requested information, or give access to any record with regard to the data subject's personal information within a reasonable time, (at a prescribed fee, if any) in a reasonable manner and format and in a form that is generally understandable. The prescribed fee for the reproduction of the personal information requested will be charged by the NGB;
 - b) A person falling in the category of Other Requester is entitled to request access to information pertaining to third parties. However, the NGB is not obliged to grant access prior to the requester fulfilling the requirements for access to information in terms of the PAIA.

- 15.4. The **Form 2** must be addressed and submitted to the Information Officer by hand, post, per fax or e-mail, which details are set out in paragraph 8 above.
- 15.5. The requester must provide sufficient information on the record(s) requested in order for the Information Officer to identify the record(s). The prescribed form must be filled in with enough particularity to at least enable the Information Officer to identify:
 - 15.5.1. the identity of the requester;
 - 15.5.2. particulars of the record requested;
 - 15.5.3. type of record;
 - 15.5.4. form of access; and
 - 15.5.5. manner of access.
- 15.6. Some additional important points to remember when completing the request form:
 - 15.6.1. each section of the form contains instructions that should be followed to improve the likelihood of the request being granted with minimal delay being experienced;
 - 15.6.2. if records are requested on behalf of another person, please provide a copy of the mandate authorising you to act on behalf of another person;
 - 15.6.3. a detailed description of the records being requested must be provided to enable the Information Officer to identify them accurately.
- 15.7. The requester must indicate the form of access that is required in accordance with section 29 of the PAIA. If a requester has requested access in a particular form, access must, subject to section 28 of the PAIA, be given in that form unless to do so would interfere unreasonably with the effective administration of the NGB, be detrimental to the preservation of the record(s) or amount to an infringement of copyright not owned by the State or the NGB.
- 15.8. The requester must indicate whether the requested record(s) is preferred in any particular language.
- 15.9. The requester should indicate the manner in which he/she wishes to be informed of the decision on the request and the necessary particulars to be informed accordingly.

15.10. Oral Requests

An oral request for access to a record(s) may be made if the requester is unable to complete the prescribed form because of illiteracy or a disability. The Information Officer will assist the requester and reduce that oral request to writing in the prescribed form and provide a copy thereof to the requester.

15.11. The Legal Services Unit receives requests for access to information on behalf of the Information Officer and assists any person wishing to lodge a request. Any enquiries regarding the lodging of request(s) for access to information of the organisation should be made by visiting NGB: Legal Services Unit at 1085 Francis Baard Street, Hatfield, Pretoria, calling Legal Services Unit at 010 003 3475, or sending an email to info@ngb.org.za

² The access fee is prescribed by the Information Regulator as stipulated in **Annexure B**.
